

COAL MINERS' STRIKE MUST BE AVERTED

Government May Take Some Action In Event Miners and Operators Can't Agree

(By Associated Press) Washington, Oct. 13.—Some official action either by President Wilson or the cabinet to avert the threatened strike of soft coal miners November 1st, is expected it is said today at the White House. Officials regard the matter as one requiring government action, if other efforts to avert a tie-up of the coal mines fail. Officials hope the miners and operators will reach an amicable solution and reports from Philadelphia that probably negotiations will be renewed were read with interest. There is no indication that the administration has determined upon a line of action but it was agreed the coal miners' strike would have such a far reaching effect that government action is absolutely necessary to prevent it.

Wilson Can Handle ANY IMPORTANT DUTIES

Normal Regents Confer at Frankfort On Matters Affecting Big Institutions.

(By Associated Press) Washington, Oct. 13.—White House officials resented the publication of reports that the President's condition is such he could not attend to his official duties. Should important matters arise, "the President could sign bills today if they were placed before him, but we are not putting them before him." One official said those close to the President are confident he will regain his health although he must remain in bed for an extended period and resign himself to the utmost quiet and relaxation. There is no reason why legislation ready for the President's action should not be placed before him, Secretary Tamm said.

The physicians' bulletin issued shortly after noon said the President's condition remains much the same as for several days and his organs are functioning normally. Dr. Grayson said he and the other physicians would stand on the bulletin and would not deny rumors as to the President's condition or enter into any discussion concerning them. Grayson said the President's mind is clear and that he is perfectly capable of forming instant judgment on any matter that might come up.

A Cincinnati Enquirer special from Washington said today: Washington, Oct. 13.—Senator George H. Moses, of New Hampshire, republican, in a letter made public in Boston today, said:

"President Wilson suffered a cerebral lesion, either during his speech at Pueblo, or immediately thereafter, and one of the discernible results is a slight facial paralysis."

He adds that the President "may live," but says "he will not be a material force or factor in national affairs."

The portion of Senator Moses letter which refers to a cerebral lesion and the slight facial paralysis has been reported generally in Washington for the last week. The President, it is said, has suffered from time to time with a violent twitching of his face. This twitching has been a danger signal to Dr. Cary T. Grayson, his personal physician, for six years. He looks upon it as a sign of intense fatigue and always has halted the President's activities when he detected it.

The twitching appeared during the Western trip and Dr. Grayson ordered the trip to be ended. This continued for a time after the President returned to Washington, but lately subsided to a great extent, it is said.

Cool Weather Helps Wilson

Washington, October 13.—Cool weather is aiding the president's recovery it is said today at the White House. His physicians are insistent, however, a danger of a set back only can be avoided by a complete rest for an indefinite period. He had another restful night.

MORE DORMITORY ROOM IS NEEDED

Normal Regents Confer at Frankfort On Matters Affecting Big Institutions.

The Eastern State Normal School faces much the same problem as the Western Normal and State University as regards the housing of students, it was brought out at Frankfort Saturday at a joint meeting of the Boards of Regents of the two Normal schools, held in the office of State Supt. V. O. Gilbert.

Prices of board and lodgings have become almost prohibitive, and it will be necessary to enlarge the dormitories of all three institutions.

The conference Saturday was to arrange for a concerted effort to improve school conditions, partially through legislation, and Mr. Gilbert will confer with President McVey, of the University, President T. J. Coates, of the Eastern Normal, and President H. H. Cherry, of the Western Normal, and appointed a committee to meet November 14 to draft a set of resolutions to be laid before the three boards for their action.

One suggested reform is a constitutional amendment that will abrogate the necessity of appointing the state school fund entirely on scholastic population, and the committee also will consider the question of issuing teachers' certificates.

Present Saturday at Frankfort were President T. J. Coates, Senator Hiram Brock, of Harlan; Jerre Sullivan, Richmond; Mr. Cooper, Hopkinsville; W. V. Price, Corbin; A. Kinnaman, Bowling Green, and J. W. Cammack, Owenton.

ITALIAN KING MAY ABDICATE

Annemasse, France, Oct. 13.—In spite of Foreign Minister Tittoni's statement that the Fiume storm is clearing, the actual indication is that the situation is becoming more grave.

The Duke of Aosta, who failed in his mission to d'Annunzio on behalf of the Government, has been exiled to Belgium. The Ministers of War and Marine are ready to resign and even the King is said to be threatening to resign in the face of the refusal of the regular army to oust the poet-dictator from Fiume.

The entire Italian nation is aroused and is manifesting extreme sympathy by means of subscriptions in aid of d'Annunzio, which already have reached \$250,000. New troops continually are joining him by land and sea.

The Jugo-Slav front is held by eight volunteer battalions fully equipped with artillery. Searchlights are used nightly to protect the area from unexpected attack.

Meanwhile the conviction that the annexation of Fiume finally will be declared by Italy is growing stronger in Rome.

BRIDGE TOLL GATE CASE UP TUESDAY

Circuit Court Hearing Civil Actions This Week—Grand Jury Returns Indictments

Circuit court is working on civil cases this week. Much interest locally is attached to the suit brought by Attorney G. Murray Smith against the Clay's Ferry Bridge Company, for \$200 damages, for alleged negligent delay caused by "Miss Ann," who collects toll at the toll gate across the river on the Lexington pike. Trial of the suit is set for Tuesday morning.

In the suit of Dr. J. B. Million against D. P. Black, former agent of the Chevrolet motor car a jury gave Dr. Million the \$400 he asked. He alleged that this was due him in an automobile transaction, in which he paid \$400 cash and was to trade in his old car for a new one.

In the suit brought by the Certainated Products Corporation against J. C. and H. K. Bowman, for \$62 on a roofing settlement, the jury found for the defendants, Messrs. Bowman.

The jury also gave Dr. S. C. Reid, former proprietor of the Madison Drug Company, possession of a formula book and costs in the action he brought against W. T. Griggs for possession of the book.

The grand jury brought in several indictments last week and is expected to make another report early this week. About a dozen indictments were returned in the first report. There are two counts against L. C. Stephens, of Berea, on housebreaking charges; one for grand larceny against Wm. Mockaby, who terrorized Berea College with a gun play several weeks ago and afterward escaped from the county jail here, only to be recaptured; an indictment against Clint Howe for malicious cutting and one against Raz McHone of the Berea section, who is charged with burning a school house near Berea.

Big Damages Asked After Auto Smash-Up In Lincoln

The Stanford Journal says: Attorneys George D. Florence, of Stanford, and E. V. Puryear, of Danville, representing Attorney W. S. Burch, have filed suit for \$20,000 damages against Mr. F. M. Ware, of McKinney. Last Spring Mr. Ware, while driving his auto between Moreland and Mill-edgeville, ran into the buggy of Mr. H. Rowan Sauley, in which he and Mr. Burch were driving, so badly injuring the latter that he has been confined to his bed most of the time since. Mr. Sauley, who was bruised and cut and had his buggy and horse badly used up, has sued him for \$1,000 damages.

BIG AUTO PARTY HAS MIRACULOUS ESCAPE

The heavy rains made all roads mighty slick and treacherous Saturday. One automobile partly composed of young folks from Richmond and Kirksville had a mighty close call when their machine went over the side of the road about five miles out on the Curtis pike Saturday evening. That all were not killed or seriously injured seems almost a miracle. The car turned over twice and rolled on its side in a ditch, but remarkable, to state not a one received more than a shaking up. In the party were Messrs. Morris Todd, Wm. Ralston, of Paint Lick and Oscar Stiver, of Richmond and Misses Maydrue Murphy, Geneva Murphy, Sudie Warren and Maggie McBride. Mr. Stiver and Miss McBride were pinned beneath the car, but were easily released and all have been heartily congratulated on their good luck in escaping injury.

Enoch Grehan Got Rather Vivid Impression of "Flo Flo"

Enoch Grehan, of the Lexington Herald, saw the "Flo Flo" show there Saturday night. What he thought of it may be of interest to those who are planning to see it here Tuesday night. He wrote in part: One of John Corb's "Flo-Flo" musical comedy companies, now "doing" the provinces, slipped into town Saturday with a bevy of what the programme denominated "perfect 36's" and slammed out two more or less dazzling performances to a very fairly well-filled house that seemed to be generally satisfied with the dividends they got on their ticket money.

Miriam Mason in the Flo-Flo part promised much in her first appearance in a costume so frank and vivid that she had the cholly boys holding to the ropes, but the dear little miss was by no means so convincing in song as she was in tights with corset strings and teddies dangling wantonly in the mellow October breezes.

To put the matter plainly and with entire masculine frankness it has been many a long, sad day since the fanciers of real art have been regaled with a more striking symposium of feminine nether architecture; and therein lay abundant compensation for whatever the play lacked in melodic setting.

The writer is not in a position to comment fairly upon the facial beauty of the chorus ladies, but gentlemen in whom he has implicit confidence who made a study of the situation from a different angle vouch for their general beauty. On the whole the players went about their work enthusiastically, put in abundant snap and dash and sent the "Flo-Flo" show across to the public in a manner that was commendable. The costumes were beautiful as far as they went and the orchestra accompaniment above suspicion.

MORROW WAS IN TOBACCO MEN'S CASE

Tom Rhea Proves Republican Candidate's Connection By The Federal Reporter

Thomas S. Rhea, State chairman of the Democratic Campaign Committee, has issued a statement supporting his charge that Edwin P. Morrow, Republican candidate for Governor, prosecuted the cases against five tobacco growers of Grant county who were charged with violating the Sherman anti-trust law by combining to secure better prices for the tobacco they raised.

Morrow, in a speech at Winchester Wednesday night, denied that he was in these cases.

Mr. Rhea quotes the Federal Reporter on him.

Mr. Rhea also calls on Morrow to answer two questions. These are:

Did Morrow protest against the pardon of these Grant county farmers just before they were pardoned by President Taft?

Did Morrow, while United States District Attorney, prosecute the Tobacco Trust or any other trust?

Mr. Rhea's statement follows: "Mr. Morrow, in his speech in Winchester, called in question the statement made by Congressman Cantrill and myself, when we charged that he prosecuted five farmers and tobacco growers under the Sherman anti-trust law. And he says that if we had investigated we would have known the facts.

"I have made an investigation and find on page 1, Volume 192, Federal Reporter, that on December 5, 1911, the case of the United States against John S. Steers and other farmers, was affirmed in the United States Circuit Court of Appeals, and this record shows that the following attorneys participated in the trial of this case: W. W. Dickerson (Clare, Dickerson and Clayton, and Myers and Howard, on the brief), for plaintiff in error; E. P. Grosvenor, special Assistant Attorney General (James A. Fowler Assistant Attorney General, and Edwin P. Morrow United States Attorney, on the brief), for the United States.

"Will Mr. Morrow deny that this is a correct record of the United States Circuit Court of Appeals? If this is a true record, then Mr. Morrow did prosecute Mr. Steers and the other farmers under the anti-trust law.

"Mr. Morrow, tell the people of Kentucky whether or not, while you were United States District Attorney, you wrote a letter protesting against the pardon of these Grant county farmers a short time before they were pardoned by President Taft?

"Mr. Morrow, did you, while United States District Attorney, prosecute the Tobacco Trust, or any other trust? And why didn't you prosecute the trust which was preventing the farmers of this State from obtaining a fair price for their tobacco?"

WHY TAXES ARE HIGH IN KENTUCKY

In the past eight years in Kentucky, 514 new officeholders have been given jobs at an increased cost to taxpayers of \$26,989.00 a year. That is \$43,915.00 a month or over \$1,440.00 every day including Sundays.

The fire marshal's office costs taxpayers twice as much under Stanley as under Willson (Republican). In the Agricultural Department Mat Cohen's personal traveling expenses for railroad fares, Pullmans, dollar meals, taxis, etc., were \$4,163.00 for three years. Salaries in Superintendent Gilbert's department of schools are three times what they were under Willson (Republican).

Increase in Job Holders and Extravagance of Those Already in Office the Cause of Increased Taxes

Leading Democrats say there is no hope of better things under Governor Black.

Justice Carroll said: "The people want a house cleaning at Frankfort. They want to see some new men and some new faces in the offices and departments. They want to get rid of the names that have become familiar only because of long tenure of office. I again repeat and the Democrats of the State know it, that the officeholders have taken possession of him and he has taken possession of them. There is scarcely a county in the State in which they are not bending every effort to secure his nomination. IF HE IS GOVERNOR THERE CAN NOT BE AND WILL NOT BE, ANY BUSINESS REFORMS OR ANY CUTTING DOWN OF UNNECESSARY EXPENSES OR CUTTING OFF OF USELESS OFFICERS OR EMPLOYEES."

Mills M. Logan, former Attorney General, said: "Before he became Governor the officeholders under the present administration put a ring in his nose and have been leading him around ever since."

Democratic Papers Denounce Stanley Administration

The Louisville Post (Dem.) said: "The whole state is clamoring for a man who will clean house, but Mr. Black leaves the house as it is. He has had a great opportunity and he has failed signally and before the whole state to take advantage of it. He is—we speak plainly—a cautious, timid man, who wants office largely for the sake of the office. Under him things would be largely as they are."

The Louisville Courier Journal (Dem.) said: "If he is a strong, able and effective man he will set about at once to cure defects which have blemished the administration of his predecessor. He will make special effort to destroy suspicions and rumors which are at large to the effect that he has entered into an alliance or understanding with Senator Stanley and the latter's personal adherents by which he is committed to an amiable attitude toward the Stanley record."

KENTUCKY IN THE HOLE

The United States Census Bureau at Washington has just issued a report, "Financial Statistics of States" for 1918 which says that 30 of the 48 States paid all expenses, including interest and money for permanent improvement. Kentucky was not one of the 30. This report also says that Illinois, Indiana, Ohio and West Virginia not only paid expenses but were a million dollars to the good. Kentucky, within a stone's throw of all of them did not even pay expenses.

Yes, It Is A Stetson --That Settles It

A lot of arguing about quality. A Stetson stands for Style and a Stetson stands for Quality. We have just received another shipment of the latest Fall Shapes, and they are rich with the new fall coloring that will appeal to your good taste. They are Browns, Blacks, Olive Browns, and Greens. If you will wear a Stetson, you will be satisfied that you have the BEST.

HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

DRESSMAKER SAVED FROM OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound in Time.

Ithaca, N.Y.—"Three years ago I suffered from pains in my right side, so severe that I could not raise my feet from the floor. Pains would shoot down my limbs and through my back, and the doctor said I had an abscess. I was in bed two weeks with an icebag on my side and expected any day that I might have to go to a hospital for an operation. A friend came to see me and told me of your wonderful medicine—Lydia E. Pinkham's Vegetable Compound. I began taking it, and after taking six bottles I feel well and strong, do my own work and do dressmaking for others. I cannot speak too highly of your medicine and recommend it to others who suffer with female trouble. It is a Godsend to ailing women, and you may use my name at any time."—Mrs. PERMILLA HULSIZER, 218 E. Fall St., Ithaca, N.Y.

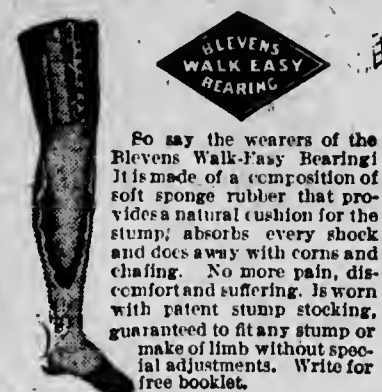

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

Free Concert At Muncy's Store

The date of the Free Concert to be held at our store has been set for Thursday of this week. It was planned to hold the concert Tuesday night, but owing to the musical comedy to be presented at the opera house, it was thought best to have it on Thursday. New records and piano rolls will be received this week, and with the local talent, who will assist in the concert, it will prove a very high class entertainment. Remember this concert is free to the public, and we are expecting a large crowd. The concert begins promptly at eight o'clock, and we suggest that you come early.
